

## Company Description

VALIDAITOR is on a mission to bring safety and trust to artificial intelligence. We're pioneering the development of automated tools that validate and certify AI models. Our comprehensive platform enables AI practitioners to validate their AI models, automate AI testing and compliance, and adopt trustworthy and responsible AI best practices.

## Role Description

This is a part-time hybrid role for a Working Student (Business Development and Marketing) at Validaitor. As a Working Student, you'll support the team in business development and marketing efforts. You'll have the opportunity to work closely with the founders and contribute to the growth and success of Validaitor. This role is located in Karlsruhe, with flexibility for remote work.

## Qualifications

- Currently enrolled in a relevant degree program (e.g., Business, Marketing, or a related field)
- Strong interest in business development and marketing
- Excellent communication and organizational skills
- Ability to work independently and in a team
- Prior experience or coursework in marketing or business development is a plus
- Knowledge of AI and machine learning is a plus
- Excellent English skills
- German knowledge is a plus

## Responsibilities

- Assist in market research and analysis
- Support the development and implementation of marketing campaigns
- Help identify business growth opportunities
- Collaborate with team members on various projects

If you are a proactive and dynamic individual looking to kickstart your career in business development and marketing, we would love to hear from you! Don't miss this opportunity to gain valuable experience and make a real impact. Apply now by sending your CV to [info@validaitor.com](mailto:info@validaitor.com)!
